

A long, vaulted cellar with a long table set for a private event. The walls are a warm, textured orange-brown. The ceiling is arched and features several ornate chandeliers. The floor is polished and reflects the light. The table is covered with a dark blue cloth and is flanked by wooden chairs with light-colored cushions. The walls are decorated with several large, patterned tapestries hanging from metal brackets. The overall atmosphere is elegant and historic.

At Benziger Family Winery, we are about three things: family, great wine and healthy vineyards. For more than thirty years, we have farmed our ranch on Sonoma Mountain using Certified Biodynamics, an organic and sustainable farming method. The result is a portfolio of authentic and memorable wines.

Set just above the small town of Glen Ellen, Benziger Family Winery occupies one of the most beautiful locales in Sonoma Valley. Our captivating estate boasts a multitude of unique spaces designed with corporate and private events in mind.

- Dine by candlelight in our wine cave
- Lunch outdoors on our Oak Terrace or near our ponds
- Experience our Biodynamic vineyards first-hand on a private tour
- Wine taste in our historic Ranch House
- Create your own wine blend in our Barn

The possibilities are endless! Whatever your preference, we can help customize the ultimate wine country experience for your guests, each highlighted by our finest wines.
