What is SPCC?

Spill

Prevention

Control

Countermeasure

So this applies to all spills, right???

Actually no. Just oil spills!

All Types of Oil & Oil Products

Fuel Oil

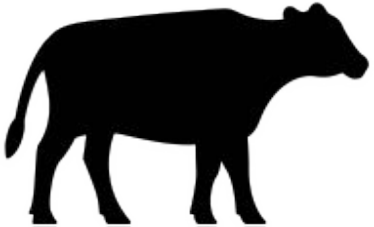
Gasoline

Motor Oil

Vegetable Oils

Animal Fats & Oils

Used Oil



Is milk an oil product under SPCC?

Oil Pollution Prevention Regulation (40 CFR part 112)

…specifies requirements for **prevention** of, **preparedness** for, and **response** to oil discharges.

Facility Diagrams

- Location and contents of oil storage containers (**more than 55 gal**)
- Completely buried tanks
- Connecting piping
- Transfer stations

Bulk Storage Containers vs. Oil-filled Equipment

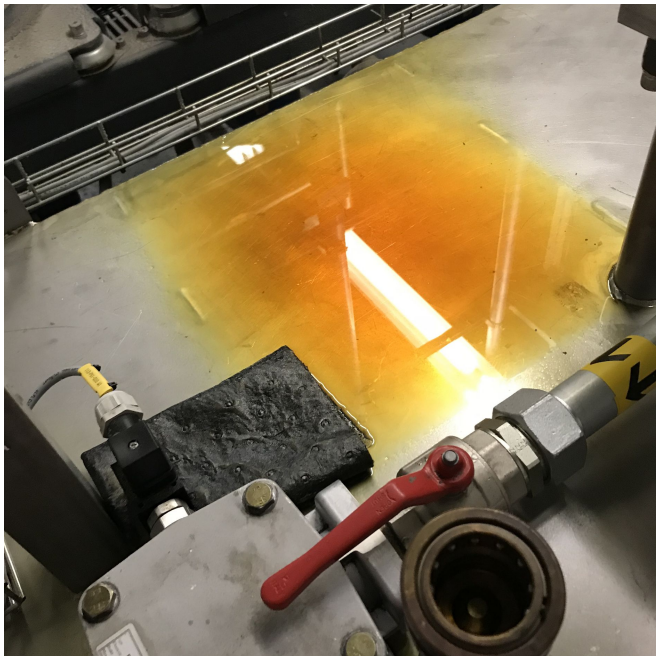
Containers used to solely store oil (e.g. AST)

Equipment with an oil storage container (e.g. transformer)

Inspections

What do I inspect?

- Containers and associated piping/valves for the following:
  - Damage
  - Corrosion
  - **Leaks**
  - Functionality



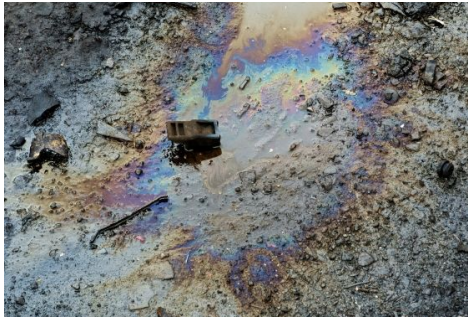
When do I inspect?

Specified in your SPCC plan

Industry standard is **monthly**

Best Practices

- Inspect your oil-filled equipment
- Look at your surroundings
  - Soil/flooring
  - **Secondary containment**
  - General containment
- **Closure** of containers and valves
- Add **labels**!



Live Showcase Time!

WHERE MAPISTRY CAN HELP

SPCC EDUCATION

- ✓ On-site staff training
- ✓ **E-learning platform**
- ✓ Manager workshop(s)

ENVIRONMENTAL COMPLIANCE PLATFORM

- ✓ SPCC map updates
- ✓ **Mobile inspections**
- ✓ Central record keeping
- ✓ Bermed area releases

SUBJECT MATTER EXPERTS

- ✓ **SPCC Plan review**
- ✓ Corporate policy development
