Base expectations

- Know the regs... or know where to find them
- Understand your business... weird flex but ok
- Keep your site in compliance... easy enough
- Be IT sufficient enough to put all your plans and permits into a fool-proof system that helps you excel at your job... umm.. What?!

Beyond the base expectations

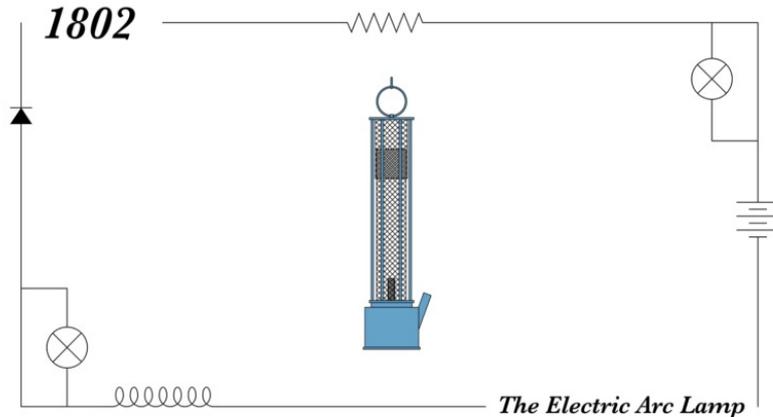

- Anticipate the future... be a wizard
- Predict changes... still a wizard
- Know your limits... not just the permitted ones
- Talk the talk... understand the words coming out of my mouth
- Educate the masses... so many Crayola's

“So what, this isn’t a new idea”

“The value of an idea lies in the using of it.”

Thomas Edison (1847 – 1931), Inventor
